Hi Lori and Dean-

February 14, 2019 at 11 a.m. works for me to conduct the Gunshy Manor site visit. Let's plan on it.  
It will be myself and Jeff Fetters of Ecology and Environment, Inc., an authorized contractor for EPA.

Thank you.

Hi Lori,

I'll let Monica respond as to whether that still works for her. Thanks.

Dear Ms. Terry,

I am the CERCLA unit manager in the EPA Region 10 Office of Regional Counsel. I'm contacting you in Richard Mednick's absence (he will be out on leave until February 11<sup>th</sup>). EPA staff would like to reschedule the site visit to the Gunshy Manor property located in Redmond, Washington. As you are aware, the site visit that was planned for January 14, 2019, did not occur because of the federal government shutdown.

Here are some potential dates for EPA staff to conduct a site visit. Please let EPA know which of these dates work for your client:

February 11, 2019, after 11:00 a.m.

February 12, after 11:00 a.m.

February 13, after 12:00 p.m.

February 14, after 11:00 a.m.

Please include Richard Mednick and Monica Tonel in your email response, along with myself. Thank you!
